IICSR |

INTERNATIONAL INSTITUTE FOR CORPORATE
SUSTAINABILITY AND RESPONSIBILITY

Course Objective

This course will take you through the fundamentals of sustainable finance in theory to practical implementation in your work life. The prominent sustainable finance disclosures used in corporations located in different countries are covered. A basic understanding of transactional carbon accounting is imparted, and sustainability beyond carbon and bond markets is deliberated upon. The course also comprises project work to give you an idea of the practical implementation of the concepts in your work-life to enhance business performance.

Course Outcomes

- Sustainability systems thinking
- Energy transition
- Sustainability disclosure frameworks
- Transactional carbon accounting
- Natural capital and biodiversity
- Non-financial reporting
- Sustainable bonds market
