

UNIVERSITY
OF MIAMI

Certificate course on “Strategy leader - ESG and Technology”

“Leadership Training on **Advanced Technology** and Sustainable Development Goals”

Venue: Taj Lands End, Bandra; Wockhardt Towers, BKC - Mumbai

2 Days immersive program - **Friday and Saturday**

Date: 13'th December and 14'th December, 2024

Time: 10:00 am to 5:30 pm IST | 10:00 am to 05:30 pm IST

Course Objective

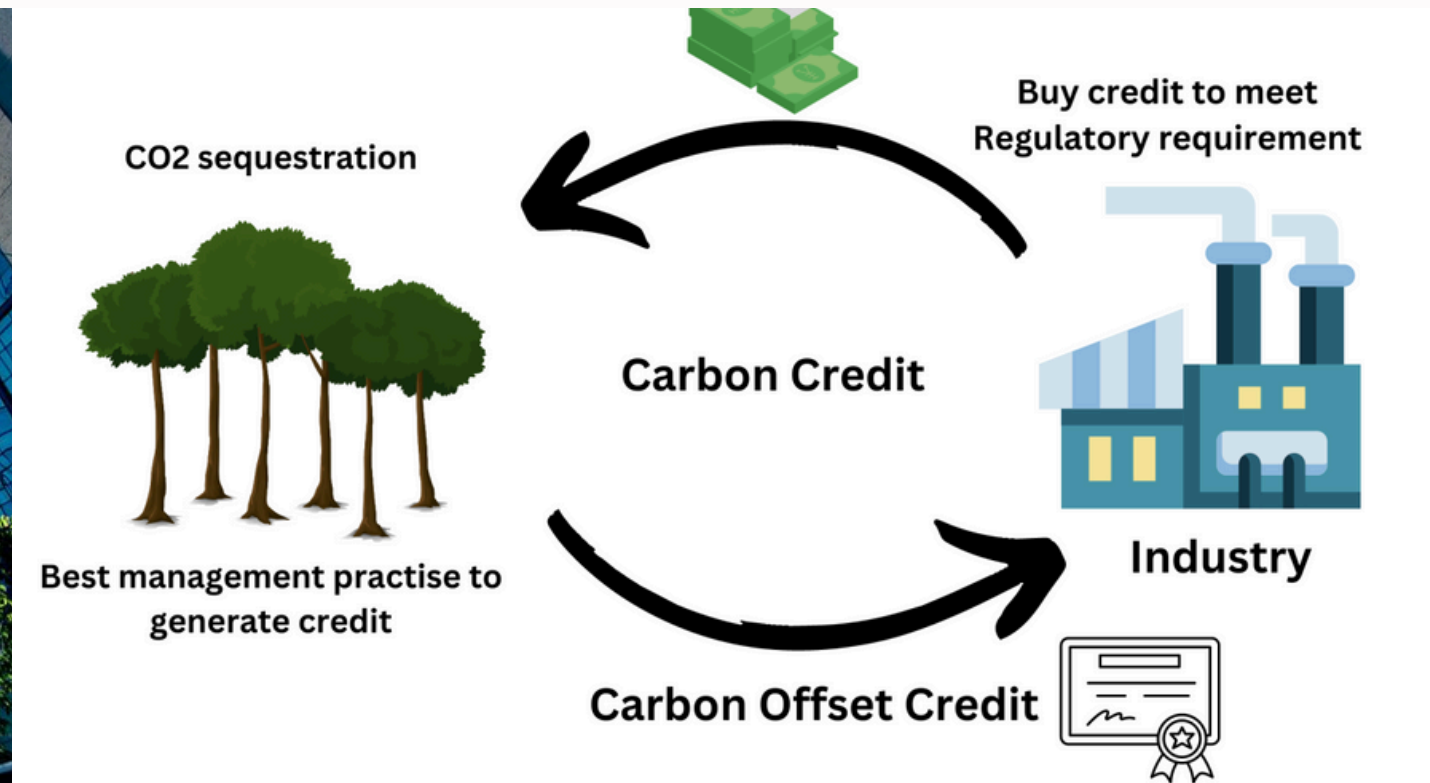

The course is designed for strategy and policymakers to accelerate the integration of sustainability in the business through technology. Emerging technologies in the global landscape are deliberated and discussed. Joining this course would enable you to multiply your business with innovative models in technology and sustainability.

About this Course

The course is designed for Directors, CXOs, and Policymakers to learn about the integration of the latest technologies in ESG and to accelerate sustainable development goals (SDGs). We cover many topics: **carbon credits, water credits, water positivity, social footprints**, how to prioritize activities in SDGs and ESG aligning with business, digitization of corporate governance requirements and other pertinent topics.

The workshop will give a future course of action to develop a business sustainably with modern technologies to increase revenues.
