“It was indeed an insightful experience, while learning the finer aspects of CSR and Sustainability at IICSR. The curriculum is relevant to today’s age, with a sharp focus on tomorrow; preparing professionals to lead the Corporate Responsibility roles at India Inc. While such important courses are much needed for the corporates, they also directly or indirectly contribute immensely to the society at large, with the noble work of sharing wisdom in this realm. Glad to be an alumni of this institute and to have learnt the subject in greater detail. I would like to thank the faculty members and the entire team at IICSR, and wish them all the success.”
