1

Always check your notifications and respond to any comments.

2

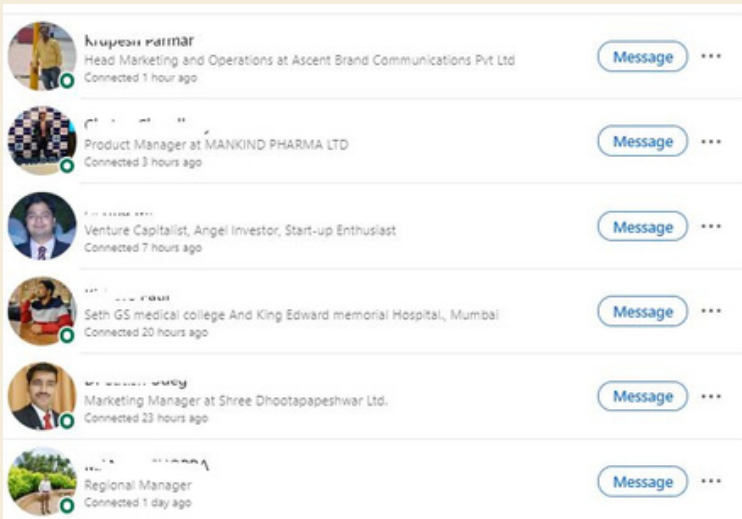

Answer any message and comments. Ensure you personalise both and refrain from using the standard suggestions

3

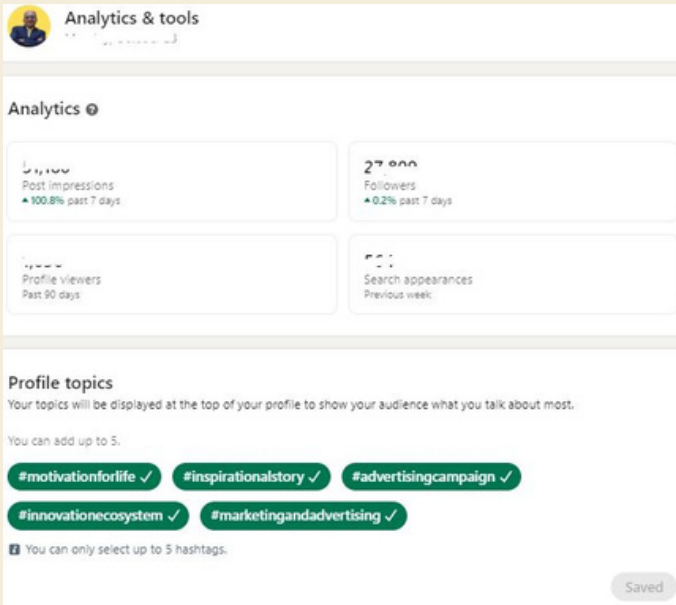

Respond to any connection requests

4

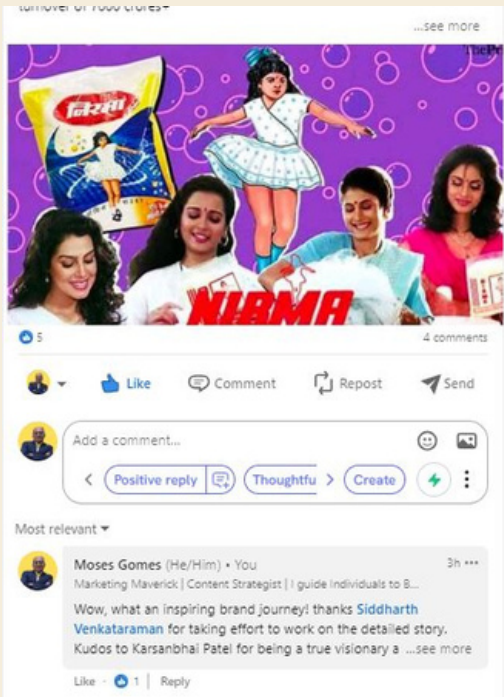

Check analytics, gain insights on posts which are working, and the ones driving engagement

5

Religiously comment on posts by your connections, better also comment on 2nd and 3rd degree posts to introduce yourself.

6

Publish one post daily, and one Pulse newsletter per week. In the long run this will help you build your brand and credibility.
