LUXURY CONNECT BUSINESS SCHOOL

Building Luxurious Careers... without Boundaries

Need of the Hour

For the past several years, luxury in India has seen a consistent growth of about 25% - 30% CAGR for the past several years. Currently stated to be at 18.6b USD, it is expected to touch 50 billion by 2020 and almost 180 billion by 2025. With the ever burgeoning retail sector and the myriad number of international brands entering or expanding their base in India, there is a considerable need for trained professionals in the luxury retail & service sector.

As per a national report, it is projected that by the year 2022, Indian Luxury Products & Services Segment will be requiring Manpower to the count of 5.6 million heads. Further, according to research report "The Status of Luxury Talent in India" by Luxury Connect, it has been found that the existing Manpower Lacks in Professional Luxury Expertise and at times unable to maintain the standards of a Luxury Brand.

Luxury Connect Business School

Luxury Connect has been amongst the first few to identify this surging task and has set up **India's first and only Luxury B School – LUXURY CONNECT BUSINESS SCHOOL (LCBS).**

With the expected rising demand, we have customized and designed various programs to focus education and training in areas like brand management, fashion retail, luxury retail, retail services and skills, merchandising, customer relationship management and more. LCBS targets to secure the Luxury Segment by offering specialized luxury education and reskilling programs via Executive as well as student education tracks. Global best practices and content formations by world renowned schools like Sda Bocconi; International University of Monaco; Jean Claude Roustant, the LVMH veteran, coupled with our extensive experience on the Indian landscape will help bridge the rising gap of skilled talent.

"India's Luxury market is likely to grow nearly tenfold over the next 10 years. The Luxury market has the potential to grow from \$18.5 billion currently to \$50 billion by 2020 and to \$180 billion by 2025, fuelled by young India." (Quoted in MINT Luxury Conference) MR. AMITABH KANT (CEO Niti Aayog)

Mission

To ensconce international pedagogic excellence for the Luxury segment to "seek-nurture-adapt-skill-impart-develop" invaluable assets and Leaders for the Luxury Industry across India and emerging markets.

Luxury Connect Business School, has been carefully designed keeping in mind the standards and gaps prevalent in the industry. Taking a step further, the school has collaborated with international universities to provide a global perspective to the students.

Post successful completion of short term and executive programs, the school has introduced diploma with post graduate courses in collaboration with the International University of Monaco. The key focus being on faculty and student exchange programs, the students will benefit from local experiences coupled with the right amount of international exposure.

Competitive Edge

Luxury Connect Business School prepares an individual to serve a career in the luxury industry. This means the individual is ready to serve any segment of the retail industry be it the high-end haute couture brands to pret-a-porter lines to retail chains at various levels like a country head, brand manager, buyer, operations head and others. In addition, most of our programs are internationally certified. Luxury Connect with its authoritative position in luxury industry assures LCBS students with various job opportunities available with premium and luxury brands.

Unique Experience

The school offers the most comprehensive set of experiential learning short track executive programs to full time post graduate diploma programs on international lines. Being India's First Luxury School, we are proud of our International standards of education, global tie-ups and well experienced professors and a strong alumni network.
